Language: English Brand New Book ***** Print on Demand *****.Excerpt from Medico-Chirurgical Review: American Reprint Next comes a series of remarks on the phenomena and causes of congestion of the brain, including the powerful influence of mind in its production. Several of the cases may be truly said to possess great practical interest, in reference to the discrimination and treatment of this disease. The consideration of deficient development or subsequent wasting of the limbs, next follows; from affection of the brain or of some part of the nervous system, leading on to a number of interesting and various practical illustrations. The next condition of brain noticed is that of serous effusion; a condition, which may almost always be distinguished during life; and here it is satisfactory to observe, that where the existence of the disease is most clear, and where its progress has induced obvious enlargement of the cranium, a prompt recourse to active treatment may be attended with perfect and permanent recovery. Injury of the head from the passage of the electric fluid through the brain, comes next in order; and here is drawn a curious...
