Reviews

It is really an incredible publication which i have possibly read. It is amongst the most incredible publication i actually have read through. I found out this pdf from my i and dad recommended this publication to discover.

(Abigale Ruecker)

LERNA IN THE ARGOLID

American School of Classical Studies at Athens. Paperback. Book Condition: new. BRAND NEW, Lerna in the Argolid, John Langdon Caskey, Elizabeth T. Blackburn, Situated on the shores of the Argolic Gulf, only a few miles away from the much later prehistoric sites of Mycenae, Tiryns, and Midea, Lerna is one of the key building blocks in our understanding of Greek archaeology. The first evidence from the site is Neolithic, and the latest settlement evidence is Mycenaean. However, the most important material from the site comes from the middle of the 3rd millennium B.C. when a remarkable large, rectangular building known as The House of the Tiles was built. Possibly never finished, with unpainted walls and doors that lead nowhere, the purpose and meaning of this building has provoked vigorous debate. Was it the house of a chief and the precursor of the later Mycenaean palaces? Or was it a communal storage facility, designed to store the elaborately sealed chests and jars found inside? No less mysterious than its use is its destruction: After a violent fire, a huge mound was built on top of the charred foundations, the area avoided by later house builders. This guide is illustrated with many plans and black and white photos.
