Reviews

It is great and fantastic. I actually have read and so i am certain that i am going to going to go through once again yet again in the future. I realized this ebook from my dad and i encouraged this book to find out.

Brand New Book ***** Print on Demand *****.Excerpt from Geomorphology of New Zealand, Vol. 1: An Introduction to the Study of Land-Forms Geomorphology has become in recent years a well-developed science based on firmly established principles. If the assumption can be made that the reader is familiar with the fundamental principles of the science, intelligible explanatory description of a landscape becomes possible. In the hope of setting forth these principles in a convincing manner, and thus popularizing in New Zealand the fascinating study of land-forms, the present work (Part I) is cast in the form of a text-book of geomorphology for New Zealand students and general readers. The systematic treatment of the subject has been adopted in the hope that it will prepare readers not only to follow the explanatory descriptions of land-forms in a regional treatment of the surface of New Zealand, now in preparation for publication as Part II of Geomorphology of New Zealand, and to appreciate geomorphological articles in scientific journals, but also to undertake for themselves with some degree of confidence the interpretation of the landscapes they see about them. Included in Part I are brief descriptions, in most cases accompanied by illustrations, of a large number of examples of typical land-forms chosen from New Zealand localities - in many cases well-known scenic resorts, as well as places within easy reach of the cities. A text-book such as this is necessarily in great part a compilation, and is made possible only by the labours of many workers in a wide field. I have attempted to acknowledge my indebtedness to these many workers by a few references to original publications; but in a book for the general reader it is not...
