

Introducing Advanced Macroeconomics: Growth and Business Cycles: Growth and Business Cycles (Paperback)

Filesize: 4.09 MB

Reviews

This published publication is fantastic. it had been writtern very perfectly and useful. Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Junius Herman)

INTRODUCING ADVANCED MACROECONOMICS: GROWTH AND BUSINESS CYCLES: GROWTH AND BUSINESS CYCLES (PAPERBACK)

McGraw-Hill Education - Europe, United States, 2010. Paperback. Condition: New. 2nd edition. Language: English . Brand New Book. Introducing Advanced Macroeconomics: Growth and Business Cycles, 2nd edition provides students with a thorough understanding of fundamental models in macroeconomics and introduces them to methods of formal macroeconomic analysis. Split into two sections, the first half of the book focuses on macroeconomics for the long run, introducing and developing basic models of growth and structural unemployment. The second half of the book deals with the economy in the short run, focusing on the explanation of business fluctuations. This new edition retains the popular pitch and level established in the 1st edition and continues to bridge the gap between intermediate macroeconomics texts and more advanced textbooks.
