Whether you re just beginning to contemplate a serious relationship, becoming engaged, planning on getting hitched, or even if you ve been married for years, a marriage contract will work wonders for your relationship. If you re currently in a super fantastic relationship or marriage, my congratulations to you and your significant other. This book is not written for you. This book will teach you how to create the content for your contract that suits the two of you exactly. You ll be guided through the steps, and you ll even be encouraged to include the fun things like date nights and...
