Createspace, United States, 2013. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.In November of 2009, author T.M. Quinlan began a daily experiment of writing one-page essays on a random subject. In an attempt to cure his chronic writer s block, Quinlan would select subjects completely at random and those discoveries would jump start his brain. Notebook H is a collection of some of those mini-essays covering a four-month period at the start of 2012. With topics ranging from Indiana s dominance of the American auto industry, the definition of the word shroud, and Tony Gwynn s batting average, those random seeds have the chance to grow into discussions about cross-dressing in cinema, his college bowling team (The Alley-Mentals), and Roman SuperPACs. In addition to the essays, Quinlan would also use his randomly derived topics to provide him suggestions on longer writing assignments. A blog site about warfare could prompt a personal essay about Quinlan s first encounter with the comedy of George Carlin or the Greek tragedy of Thyestes and Atreus could spur a short story idea about the Boston Red Sox fan who actually breaks the Curse of the Bambino. Notebook H is a literary example of going where the winds (as well as the cards and dice) of chance take you.
