MEMORY IN THE TWENTY-FIRST CENTURY

Condition: New. Publisher/Verlag: Springer Palgrave Macmillan | New Critical Perspectives from the Arts, Humanities, and Sciences | This book maps and analyses the changing state of memory at the start of the twenty-first century via short essays written by scientists, scholars and writers. An experimental, multidisciplinary volume, it presents new research whilst recontextualising memory by investigating the impact of new conditions such as the digital revolution, climate change and an ageing population. It contains contributions by researchers at the forefront...

Reviews

This is the finest book i have got study till now. It usually does not price a lot of. I found out this publication from my i and dad encouraged this book to understand.

-- **Jamil Collins**

Absolutely among the best book I have possibly go through. I have go through and that i am certain that i am going to gonna read through once again again in the future. I am just delighted to tell you that this is basically the finest book i have got go through within my personal existence and could be he finest book for ever.
