

## One Hot January (Paperback)

By J Conrad Guest

Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Imagine an alternate history in which the United States fails to enter World War II in time to help the Allies defeat the Tripartite before Germany becomes too strong to defeat. Imagine a future in which Germany has perfected genetic engineering and is systematically eradicating whole nations in an effort to secure the empire Hitler vowed would last a thousand years; a future in which Hitler lies in a cryogenic chamber, awaiting treatment for a cancer for which a cure has been discovered. Imagine a future in which a faction of genetically engineered people, opposed to Hitler s tyranny, choose to travel back in time to amend future history by influencing Churchill to withhold from U.S. Intelligence the vital decrypt specifying the date and time of the raid on Pearl Harbor. Imagine a fast-talking private investigator from the Bronx named Joe January who uncovers the seemingly impossible plot by grudgingly agreeing to help a pretty young woman locate her missing father--a Professor of Archeology from Columbia College who must prevent the secret of Hitler s location from falling into the wrong hands....

### Reviews

*This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.*
