The Healing Power of Jerusalem Artichoke Fiber by Michael Loes, M.D., MD.(H.) of the health advisory board of The Doctors Prescription for Healthy Living. Antibiotics are very important medicines but may end up destroying both pathogenic and beneficial bacteria in the body. Inulin is a widely used natural medicine in Europe that helps persons taking antibiotics to selectively repopulate their gastrointestinal tract with beneficial bacteria which in turn enhances the healing benefits of antibiotics and strengthens the body s immune response. Inulin also helps to ease other antibiotic-related complaints, such as constipation, diarrhea, and irritable bowel syndrome. Now a simple, inexpensive guide shows consumers how to combine mainstream medical treatment with alternative medicine for their best outcome-with the most current and up-to-date information on complementary and mainstream medicine. He has helped thousands of athletes and chronic pain patients over the years to regain their health by enhancing their bodies healing powers, using many of the techniques detailed in this book, including Wobenzym N.
